INVACARE®

FULL-ELECTRIC BED

Yes, you can.®

The **Invacare® Full-Electric Bed** offers the greatest convenience for the user and caregiver. The easy-to-use pendant control provides motorized positioning of the upper body and knees, and also adjusts bed frame height for efficient use of accessories and for safe and easy transfer.

Invacare beds, mattresses and rails, excluding therapeutic support surfaces and bariatric beds, when used as a system and sold new and unused after August 1, 2007, meet the voluntary FDA Guidelines for bed rail entrapment. Visit **www.invacare.com/bedsafety** for additional safety and entrapment information.

Features

High impact bed end panels are durable, impact and scratch resistant; washable for easy cleaning

Universal bed ends can be used as either the headboard or footboard on the bed

Rubber caster tread for better tracking with non-marring material

DC low voltage, compact motor system Quiet motor operation and fast cycle time on lowering height of bed for efficient bed set-up

Motor system with waterproof enclosures is rated IPX6. Washable with standard water pressure. The bed must not be power washed

Color-coded connections on junction box for easier maintenance

Double-insulated junction box helps provide extra protection against electrical shock

Ergonomic hand pendant comes with durable strain relief and heavy-duty cord. Waterproof casing for easy cleaning, conveniently attaches to bed sheet with clip or rail with hand pendant cradle (sold separately)

Hand pendant cradle available for convenient storage of hand pendant model # 26975

Interchangeability simplifies storage, reduces inventory complexity
